

First experiences on Quality System Implantations in certified enterprises with ISO-9001:2015

If in June 2014 the Col·legi Oficial d'Enginyers Industrials de Catalunya was pioneer in showing the main lines of the future standard (referenced to DIS-ISO9001:2015), in July 2016, and after 8 months of the official edition of definitive standard; also COEIC have been pioneer on prepare this congress in order to exchange Knowledge & Experiences, at inter-enterprise level, multi sectorial level, and State/Europe level, through enterprises that have been pioneers in their implantations. Between other topics we'll see how the strategic planification converge with the own management system, and how we can integrate the risk management on a process management system.

Objetives

Spread and interchange experiences & Knowledge on new Requirements of ISO-9001:2015 standard, and about the implantation process in enterprises that has been certified by entities accredited by: ENAC, DAAKS, UKAS, Dutch RVA (UE area).
